

Slender Series Reader

Slim reader for door-frame and narrow-profile access control applications.

TECHHouse branded product datasheet

Open technology reader for commercial access control projects.

Design & Technologies

- Multiple credential technology options including 125kHz and 13.56MHz platforms.
- Supports Wiegand output with optional RS485 depending on configuration.
- IP65 environmental rating and tamper protection.
- Reverse power protection and protected input/output signals.
- Configuration support available for project-specific requirements.

Technical Specifications

Specification	Value
Technologies	125kHz and 13.56MHz options including Mifare, Mifare Plus, DESFire, Legic and CPU credentials
Read Range	2 - 8 cm
Output	Wiegand standard output; RS232 and RS485 optional
Transmission Range	150 m with 22 AWG shielded cable
Voltage	10 - 15 VDC
Current	150 mA max
Temperature	-30 C to 70 C
Dimensions	150 x 53 x 25 mm
Protection	IP65, tamper protection

Typical Applications

- Door frames
- Glass entrances
- Narrow mullions
